

## **Wednesday Afternoon Pursuit Series 2023/24 Notice to Competitors #14**

The Race Committee has issued a new set of Sailing instructions designated V8 and is available on the club web site:

This new version includes the revisions already made to courses in Notice #1 and the requirement for crew declarations in Notice #2.

There is a new starting procedure involving the use of time balls in clause 8.2 instead of flags so competitors may need to keep a more diligent listening watch on the radio.

Rationale: Improvements in the starting procedure and tidy ups.
