

Winter 2024 Notice to Competitors #6 Phoenix Trophy Race

The Race Committee advises the following:

Sailing Instruction 12.1 is changed adding
“Elapsed time will be calculated as finish time less actual group start time. Corrected time will be Elapsed time plus White Start List number 5 Time Hcp. Lowest Corrected time wins.”

Rationale: The winds for the race tomorrow are variable. The forecast is for the wind to fall very light from late morning. It is the race committee's desire to get the whole fleet started and down the course before the wind falls light. The race will likely select the blue or yellow start list to achieve the above and still have the ability to handicap the race with fairness at the finish.
