

Notice to Competitors

Laura Gloria Pursuit Series

Competitors are advised that spinnakers will be able to be used in the Laura Gloria Pursuit series from Wednesday 4 June.

A boat choosing to use a spinnaker will start 4 minutes later than if it were sailing without one and must advise the Race Committee of this prior to the race start.

An updated Sailing Instruction has been issued:

<https://rycv.com.au/wp-content/uploads/2025/05/A-Wednesday-Afternoon-Pursuit-Races-for-the-Laura-Gloria-series-after-NTC24-V2.0.pdf>

Rationale:

- By coordinating racing with RMYS and utilizing laid marks, we can now run courses with longer legs that are better suited to spinnaker use.
- Several competitors have requested the option to use spinnakers.
- The RYCV Sailing Committee support the change.
