

Notice to Competitors

Wednesday 3 September

Wednesday Pursuit

The race committee have made the decision to postpone the race for Wednesday 3 September due to non-forecasted strong winds.

Rationale:

While no wind warnings are in place the current wind strengths as recorded at St Kilda are in the order of 25 knots gusting to 30.

Advice from the Bureau of Meteorology Duty forecaster is that this wind will continue until the passage of a trough later this afternoon when the wind will moderate.
